Rhino Contents / BOM Review

Remaining questions only

The completed team worksheet already answered the EM-1 inclusion conflict. This revision asks only for the remaining quantity/grouping decisions and the two optional-variable-speed questions.

You do not need to re-confirm whether the listed EM-1 items are included. Those Yes decisions are carried forward.

Reviewer(s) / role	Technical (Kevin/Vejdi) + Product Owner
Review date	_____

Already confirmed - do not answer again

- The current EM-1 wheel set uses an 80-grit bonded wheel rather than the previously listed 60-grit wheel.
- The 280-grit wheel is included.
- Every item in the prior EM-1 contents checklist was marked included.
- Moss filtration pads were explicitly corrected/confirmed to quantity 2.

EM-1 - quantity confirmation

Default quantity for single items

Unless corrected below, should each of these included items be stored as quantity 1: 80-grit bonded wheel, 220-grit wheel, 280-grit wheel, 600-grit wheel, 1200-grit wheel, 3000-grit wheel, flexible shaft, DIALUX Superfinishing Paste, DIALUX Polishing Paste, flat lap, magnetic felt pad, magnetic 80-grit disc, magnifying glass attachment, jointed light attachment, water pump, tank filtration system, spoke wrench, hex key, and crescent wrench?

[ ] Yes - quantity 1 for each [ ] No - corrections below [ ] Unknown

_____

_____

Known multi-count items

Please confirm or correct the counts already printed in the prior worksheet.

[ ] 2 silversmithing spindles [ ] 3 sanding/polishing wheels [ ] 3 attachment heads [ ] 2 wrist rests [ ] 2 brass spray nozzles

_____

_____

Splash guards

The prior worksheet marked Splash Guards as included, but it did not establish how many guards are in the box. What quantity should we store?

[x] Enter quantity below [ ] Unknown

1 Right Side Shield [Left side is affixed]

Flexible-shaft package grouping

Should the flexible shaft, 18-piece accessory set, and 3 attachment heads be stored as separate included lines, or as one packaged set with subcomponents?

[ ] Separate lines [x] One packaged set [ ] Needs discussion

Other included items

Did the completed checklist miss any current EM-1 box contents?

[ ] No [x] Yes - list below [ ] Unknown

Left Moss Pad
Right Moss Pad

LapMaster 12 - optional variable speed

Is variable speed a current optional offering for LapMaster 12?

This is an optional commercial relationship, not a Variant inferred from the product title.

[ ] Yes - current option [ ] No longer offered [ ] Unknown

If yes, what exact sellable Product represents the option?

Write the Product name/identifier if known. Do not guess.

[ ] Enter below [ ] Unknown

Create NEW variant

LapMaster 18 - optional variable speed

Is variable speed a current optional offering for LapMaster 18?

This is an optional commercial relationship, not a Variant inferred from the product title.

[ ] Yes - current option [ ] No longer offered [ ] Unknown

If yes, what exact sellable Product represents the option?

Write the Product name/identifier if known. Do not guess.

[ ] Enter below [ ] Unknown

see above

What happens after this worksheet

The repository can activate included-component rows independently. Any quantity that remains unknown will stay absent rather than being guessed. Recommendations remain a separate Product Owner decision.
